FEATURES

CONTROLLER

The Control4 CA-1 is designed to create orchestrated automation with smart devices. In example, the act of unlocking your smart door lock also turns on the lamp, opens the shades, and switches on the thermostat, automatically!

LIGHT & KEYPADS

The Control4® Square Dual Load Wireless Adaptive Phase Dimmer combines elegant dimming with a configurable keypad for the ultimate in lighting control of up to two lighting loads. Unlock the power of one-touch automation by simply replacing an existing light switch with a wireless dimmer.

CONTROL4 APP

This app is specifically designed to be used with Control4 Smart Homes. It turns your Android or IOS phone or tablet into your personal user interface to control all your smart home devices.

REQUIREMENTS

This package requires network and WiFi to be installed and stable. Internet is required for programming and updates.

ENTRY PACK - 60 SQM
